- Increased confidence in young people taking part in sport across the school. The pupils have become more willing to try new sports and show their skills to their peers. The pupils have shown great achievements in PE and have been really proud of themselves!
- The sports coaches have upskilled the SSAs during the sessions to enable them to be more confident working with small groups and individuals within PE.
- The sessions delivered also contained healthy lifestyle sessions which has promoted independence within our school, enabling pupils to make their own decisions about living a balanced and healthy lifestyle.
