

### Maths

In maths we are focusing on shape We will be learning about the properties of 2d and 3d shapes. Try and identify shapes on objects at home and when out and about.

Evolution and Charles Darwin are the focus of our Discovery days. We are exploring these topics through history, geography and biology. We will also be making some of the animals Darwin discovered in our creative day.

We will be exploring different types of family this term, our own family and our place in them. Please email or send in some family photographs for us to use.

### Creative

We will be using our imaginations to create an animal from textiles.

### Reading and writing

We are learning about poetry in our English lessons. In reading we will be using a poem called The Jabberwock. In writing we are going to write different types of poetry including ladder poems and haikus. Find some activities to do at home here

<https://www.bbc.co.uk/bitesize/topics/zjhhvcw>

### Computing

Our topic for this term is internet research. We will be researching different animals on line to make our own set of Top Trumps Cards.

Home

challenge

Make a model of The Jabberwocky and bring it in to school. Images and the poem can be found here
