

# Emerald Class Autumn 1

## Maths My Cognition

We are exploring one and lots, as well as counting to 5.

Our activities include shared attention, matching, number songs, trial and error activities as well as repeating actions.

## English My Communication

Our book for this term is Matilda. We will experience this through narrative and a sensory story.

We will also be practicing how to communicate yes, no, more and stop.

## Computing My Cognition

The class will be exploring cause and effect. They will use switch toys, computer programmes and kitchen appliances.

## PE My Body

We are practicing passing, catching, throwing, rolling and dropping. This will help develop our fine and gross motor skills.

These sessions will also help us work with others.

## Class Information

To contact the class team please use the following:  
[emerald@cedarschool.co.uk](mailto:emerald@cedarschool.co.uk)

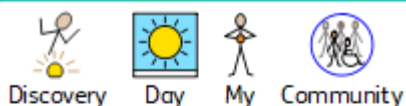

Bronya is usually at school from 8am if you would like a conversation before school.

## Creative My Body

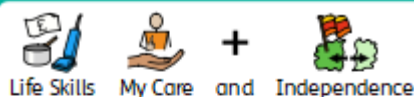

Our artwork will be inspired by Yayoi Kusami. She was a Pop Artist who used dots to create paintings and sculptures.

We will be creating artworks using stickers, paints, playdough and footballs.

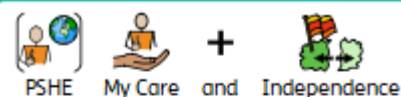

For our science, history, geography and creative days, we are exploring all things me.

We will navigate around school, create music and exploring our lives.

We will be practicing our dressing skills. We will be using hula hoops to work on our gross motor skills and working on our fine motor skills

The PSHE focus is mental wellbeing. In Emerald we are going to be identifying what makes us happy and sad.

After lunch each day we will have time for sensory regulation activities.
