

## Sapphire class Spring 2 Home learning letter

In English we will be focussing on the book 'Skelig'. We will be writing descriptions of our own fictional creatures. In maths we are revisiting, identifying and sorting shapes. Then exploring choosing and using the correct equipment to measure weight, length and height. In PSHE we will be looking at different types of families, belonging to different groups and our own relationships in our family. In computing we will be looking at different technology and how to use it as independently as possible to communicate: walkie talkies, telephones and video calling. In creative lessons we will be focussing on the artist Anish Kapoor and his use of mirrors. We will be making our own reflective sculpture. In life skills this half term we will explore gardening tools, planting, labelling and maintaining crops.

Home learning opportunities

Discuss descriptions of animals they see in person or on TV.

Look at pictures of relatives and discuss connections.

Take some selfies in mirrors at home or in the community.

We would love to hear how it went! Let us know by emailing:
